

## AVA BRAE JACOBS BENEFIT

Ava Brae was a special delivery on Valentine's Day, 2006. Just 13 short months later, she was diagnosed with a massive brain tumor in her posterior cerebral cavity. On Friday, March 16, 2007, Ava was transported via ambulance to the Texas Children's Hospital in Houston, TX. There she met the hands that will hopefully deliver her from this tragic situation...

This is a very difficult time for the Jacobs family. We as a community want to help them any way we can. We would like to extend an invitation to participate in the Ava Brae Benefit.
